The Republican Conspiracy to Steal the Government.

Before the election, and when the outlook promised the election of Tilden by an honest vote—for on no other hypothesis can the language we shall now quote to be supposable—Murat Halstead, editor of the Cincinnati *Commercial*, himself conspicuous as a leader among the Radicals and his paper the organ of that party in Ohio, proclaimed his views in these words, as we gave them in our issue of Nov. 10th:

"If New York should happen to go Democratic, the probability is that there would be a disposition on the part of the Republicans to throw out the votes of those Southern States which were carried for Tilden by the intimidation of the blacks. I have heard the suggestion made that it would be moral perjury in Vice-President Ferry and President Grant if they should consent to allow the Electoral vote of States to be cast for the restoration of the Southern Confederation when they know that a majority of the people of those States had been practically disfranchised, and when they had in their hands the legal proof of the fact.

"Now, if the Presidential election should turn upon the votes of say Mississippi, South Carolina, Florida, or Louisiana, it would be impossible to avoid a desperate dispute between the two Legislative Houses of the Government. The way is already prepared, by the declarations of Republican Senators, for Mr. Ferry, acting Vice-President, to assume the entire responsibility of counting the Electoral votes. The House will not, of course, consent to this. The next thing is the position of President Grant. Grant is the Commander-in-Chief of the army and navy of the United States. The very practical question would arise whether he would sustain Mr. Ferry in the Senate. I imagine that the weight of inference is that he would. Perhaps he would do it by proclamation. That is what in the Spanish-American republics are called *pronunciamientos*. The situation will be exceedingly difficult if not hazardous. Trouble would come upon us in a more dangerous shape than it did sixteen years ago. There is a sort of Mexican miasma in the political air."

We ask our readers to note the contingency, and to mark the result. "If New York should happen to go Democratic the probability is that there would be a disposition on the part of the Republicans to throw out the votes of those Southern States which were carried for Tilden by the intimidation of the blacks." Let us pause to observe the situation. New York has gone for Tilden! The Radicals have shown the disposition, or, the determination, to throw out the votes of enough of the States of the South to count in Hayes! Was Halstead a prophet, or an informed conspirator? What Radical in authority dare tell?—*Examiner.*

Democratic Victory in Boston.

On the 9th instant, Prince, Democrat, was elected Mayor of Boston by two thousand majority. Worcester in Massachusetts, on the same day elected a Democratic Mayor. In this connection it is not out of place to again refer to the fact that nearly all the large cities in the United States are Democratic. If the Democratic party is composed only of the illiterate and ignorant, as our opponents claim, then the ignorant and illiterate classes must be confined mainly to the larger cities where the great newspapers circulate most freely, and where the facility for education is greatest. In New York City Tilden received 112,208 votes; Hayes, 58,658; majority for Tilden, 53,550. In Chicago Tilden received 23,645; Hayes, 23,574; majority for Tilden, 10,071. Brooklyn, Tilden 54,256; Hayes, 37,306; majority for Tilden 16,950. Boston, Tilden 23,688; Hayes, 20,338; majority for Tilden 3,300. Cincinnati, Tilden 29,446; Hayes, 28,770; majority for Tilden 696. Baltimore, Tilden, 32,199; Hayes, 22,100; majority for Tilden 10,099. St. Louis, Tilden, 21,157; Hayes, 18,849; majority for Tilden 2,308. New Orleans, majority for Tilden 10,000. Philadelphia, Tilden, 61,047; Hayes, 76,474; majority for Hayes 15,427. San Francisco, Tilden, 20,379; Hayes, 21,165; majority for Hayes 786. Total majorities for Tilden in the ten largest cities of the Union, 107,047. Total majorities for Hayes, 16,213; net majority for Tilden 90,861. Let these figures answer the charge of our opponents that they are the only intelligent party. They have actually grown so vain-glorious and self-conceited, that they imagine they have a divine right to rule the country. They will soon be awakened from that delusion.—*Examiner.*

WEIGHTY TESTIMONY.—Ex-Senator Doolittle, in his account of his recent visit to New Orleans, says, "There were about a dozen colored men—some of them black, some of them mulattoes—who visited us in New Orleans and gave us an account of the canvass. There was one by the name of Poindexter, as fine a looking colored man as I ever saw. He had a fine voice and a commanding presence, and I could see at once that he was a leader among his people. He said he had acted with the Republican party till within the last six months, and he said that if the Republican leaders down South had been anything like honest men, or, as he expressed it, as the Republicans of the North were, he did'nt know as he would ever have separated from them at all. But they came to him and proposed that he should be one of those Commissioners of Registration, on condition that he should issue five hundred blanks without putting the name in and allow them to stand. He refused to do that and engaged in this canvass, and he says that he made speeches in nearly every parish in the State, and that the colored men were perfectly enthusiastic in going for the change."

THE QUESTION REVERSED.—The majority for Hayes in half a dozen States is small; and in some of these a majority of the State canvassers are Democrats. Now suppose these canvassers should propose to throw out a sufficient number of Republican votes to give these States to Tilden simply because this would insure his election, what, asks the N. Y. *Sun*, would the Republicans all over the country say? They would denounce these canvassers as a pack of villains who ought to be in the penitentiary, and they would call every man who justified their conduct as a scoundrel.

The Louisiana Investigation.

STATEMENT OF DEMOCRATIC COUNSEL.

NEW ORLEANS, Dec. 19.—The Democratic counsel's statement to the Senate Committee of their case, contains the following points:

First.—They received in the late Presidential election in Louisiana a majority of the legal votes of about 8,000. Second.—That the election, so far as the Democrats were concerned, was fair and peaceable, and the Democrats attempted to secure such an election. Third.—On the contrary, the Radicals and their leaders, having previously determined and conspired to carry the State unfairly, therefore did many unlawful acts. Fourth.—The Radicals appointed only Radical Supervisors and almost exclusively Radical Clerks of Registration, refusing the Democrats' repeated demands for representation, thus preventing the detection of frauds. Fifth.—They usually sent out corrupt men as Supervisors in the country parishes; sometimes selecting United States officials living outside of the parishes in which they acted. Sixth.—These Supervisors in several parishes impeded the Democrats from registering; practically denying registration in some cases, yet affording the Radicals every chance to register, even fraudulently, the names amounting in the State to 10,000. Seventh.—These Supervisors often refused to strike off the names of negro Radicals clearly proven in the revision to be fraudulent, and on election day the greater part of such men voted, increasing the vote in this State fully 7,500. Eighth.—These Supervisors communicated freely with the Radical Commissioners, receiving instructions to commit fraud, with promise of rewards if successful. Ninth.—Radical leaders and voters devised means of intimidating the Democratic voters by threats and corrupt practices, causing wholesale arrests of white voters, just before the election, thus causing terror and depriving the Democrats of many votes. Tenth.—The leaders and Supervisors connived to prevent the casting of a full vote in the several parishes. Eleventh.—They illegally appointed numerous Deputy United States Marshals, at great expense to the Government, also deputy constables, who surrounded the polls and intimidated voters. Twelfth.—They spent the Government money for partisan purposes, by commissioning many United States Marshals, exclusively among the Radicals, and employing clerks to write and copy affidavits for the Returning Board, also by summoning many Radical witnesses and paying large mileage. Thirteenth.—They used the Courts against redress in an unheard of manner. Fourteenth.—The Radical leaders, before and after the election, conspired to count fraudulently the votes cast to reverse the large Democratic majority on the face of the returns. Public declarations and subsequent actions revealed this conspiracy. Fifteenth.—The Returning Board was the instrument of this conspiracy. It was an illegal body, being wholly Radical and acting with an unfilled vacancy. The law requires the filling of all vacancies, and a full Board of five members. Sixteenth.—The said Board usurped judicial functions contrary to the State Constitution, which restricts that power to the Judiciary. Seventeenth.—It attempted to escape effective scrutiny, by excluding Democratic observers at the most important sessions, and by refusing to fill the vacancy with a Democrat. Eighteenth.—The Board conspired with the Radical leaders to accomplish its purpose. Nineteenth.—Violated laws governing it, as to receiving and opening the returns and canvassing the same, and as to the reception of protests, etc. Twentieth.—The Board altered its rules and modified its proceedings whenever necessary to promote its interests, and opposing likewise the Democratic interests. Twenty-first.—The Board as a climax fraudulently rejected, say 13,000 Democratic votes, sometimes rejecting a whole parish without justification, whenever there was a showing of heavy Democratic majorities, thus violating the law and their own rules. Twenty-second.—That O. H. Brewster, whom they declared elected as Presidential Elector, was, at the time of his election, ineligible, being U. S. Surveyor-General of Louisiana. A. H. Livessee was also U. S. Commissioner, before ineligible, yet the Board declared them eligible despite written protests. Twenty-third.—There were throughout the State vast numbers of Radical ballots bearing the names of but three Electors, yet the Board did not consider this protest. (Signed)

F. C. ZACHARIE,
H. C. BROWN,
CHARLES CAVANAC,
And four others.

THE RADICAL DEATH-STRUGGLE. It is almost enough to excite a feeling of pity in the tender-hearted Democrats, says the Amador *Dispatch*, to witness the terrible agony that is being displayed by the Radicals over the thought of being compelled to yield up the reins of government in obedience to the wishes and demands of the people. In their desperate struggle to retain power they fasten their death-grip upon every faint ray of hope with the same avidity that a drowning man catches at every floating straw that comes within his reach. The only slender peg upon which they can now hang their hopes of overriding the will of the people and retaining power consists in the servile and shameless carpet-bag Governor and Returning Boards in two or three of the Radical-cursed States of the South; but it will do them no good, for the verdict of the people has gone forth and they will be compelled to submit to it.

THE NORTH BULLDOZED.—Says the Colusa *Sun*: "If Tilden had gained as much in Louisiana over the vote of 1872 as he did in Massachusetts, he would have carried that State by 20,000. Who bulldosed Massachusetts? If he had gained in the same ratio in Louisiana that he did in all the States north of the Ohio, taken together, he would have carried it by a much greater majority. Who bulldozed the North? If Louisiana had been left to herself, and had not been bulldosed by Packard, Kellogg, Wells, and that crew of scallawags, Tilden would have carried it by 50,000 or 60,000, and there would have been no "outrages" either.

The Matter Settled—Florida Democratic After All.

NEW YORK, Dec. 22d.—The *World's* Washington special says: Dispatches were received to-day by both the Senators from Florida—Conover, Republican, and Jones, Democrat—announcing that the Supreme Court had issued a mandamus requiring the Returning Board to revise the entire count, to give a majority to the Democratic candidates for Electors and State officers, and declaring the entire proceedings null and void. A hurried consultation has been held by the Republicans on the subject this evening, and a Republican Senator, familiar with the laws of that State, has pronounced the decision of the Supreme Court a transfer of a prima facie case from the Republican to the Democratic Electors. Senator Jones received the following to-night:

TALLAHASSEE, Dec. 22d—9:40 P.M.—The Supreme Court has awarded everything the Democrats asked for. There is great rejoicing here.
(Signed,) C. C. DYKE.

NEW YORK, Dec. 23d—A.M.—The *World's* Tallahassee correspondent says: The Supreme Court this afternoon awarded a peremptory mandamus requiring the Board of State Canvassers to count all the returns regular on their face. The Court decides that the Board has no ministerial power, except in so far as to judge whether the returns are so false, fraudulent and irregular that honest men cannot determine the vote, and if so irregular, they are to be laid aside and not counted; otherwise they are to be included in their determination. The Court refers in its opinion to the sworn answer of respondents, that all the returns on file are regular on their face; that no returns had been rejected except for causes appearing outside of the record. The Court makes special mention of Hamilton, Manatee, Monroe and Jackson counties, to be counted by the Board under its order. Three of those counties had been shockingly bulldozed by the State Canvassers, and Manatee thrown out bodily. The decision was unanimous, Justice Westcott delivering it. Emmons, for the respondents, gave notice to appeal to the answer, which will be heard in the morning, but it cannot change the opinion on the principles decided to-day, whatever motion may be made. As the matter now stands, the Presidential question seems to be settled. The returns on their face, as the Board is required to count them, give Tilden 24,431, and Hayes 24,340. As the returns are to be counted on their face, Tilden will gain twenty-three additional majority in Clay and twenty-five in Hamilton, which if added to his majority of ninety-four, will make 142. Hayes gets the benefit of the Archer fraud, and the frauds in Leon and Jefferson counties. The decision elects the Democratic State ticket, by about 550, Davidson (Dem.) to Congress by about the same, and defeats Findley by four votes with the Archer fraud, and twenty-three more majority in Clay county, which the Board in the first count was allowed to fall back on. Cowgill, one of the State Canvassers, said to-day that whatever the Court decided he should obey.

THE PRESIDENT AS A PARTISAN. Never before has any President, while in office, been content to disgrace the position by confessing himself the servant only of one political party. Even when the war broke out President Lincoln tried to coment all parties, and call to his stndard all men, both at the North and at the South, who desired the perpetuation of the Union, and who would consent to maintain it as he thought it should be. Then there was a principle at the bottom of the action of the Executive; now nothing higher than to save the spoils to a certain clique influences the action of the President, and he confesses himself the tool of that clique, instead of being the servant of the whole American people. His every action is in the service of this ring of public plunderers. This ring nominated Hayes, and will inaugurate him through force and fraud if they can, by getting up an excitement and enlisting the sympathy and co-operation of the honorable men of the Republican party. Sargent said that in times of great excitement men could be brought to indorse anything, and it is upon this theory the ring is acting. The President said in a conversation the other day that he intended going to Europe as soon as Returning Board Hayes was inaugurated, and his every expression since long before the Returning Board announced the result of their work, has showed that he intended to inaugurate Hayes at every hazard. The question has now narrowed itself down to the rings against the people. It would make but little difference to the Republicans in the ordinary walks of life whether Tilden or he of the Returning Board was President, except that he belong so completely to the ring, but to the members of this clique it is a matter of almost life and death. They want another four years in which to hide the "swag."

THE HOUSE A SHIELD.—A noted English politician once said, "Thank God we have a House of Lords." We in this time, in republican America ought in our turn to be most sincerely grateful that we have a Federal House of Representatives, and that a Democratic majority controls that House. As at present constituted, the House of Representatives is a lion in the path of those who for nearly two months have so persistently sought to steal the Presidency. It is easy to imagine, if the Radicals had a majority in the Lower House of Congress, how neatly they would have counted Hayes into the position to which he was never elected. That would have been done as easily and as smoothly as if Hayes had honestly received a large majority of the Electoral vote. But, as things are, that plan will not do. The House is a stumbling block in the way of the Presidential swindlers which will surely trip them up. Therefore, we say, thank God we have a House of Representatives, and that is largely Democratic! The dominant party in that House has a most important and difficult duty to perform, but there is every reason to believe that it will be fully equal to the emergency, and while preserving the liberties and rights of the people, will carry confusion among those official conspirators who, while professing to defend, are doing their utmost to destroy the Government they declare they love.—*Examiner.*

The Oregon Democracy.

SALEM, December 22.—The Democratic State Central Committee met here last evening, and about two-thirds of the members of the State were represented. Several hours were spent in discussing the political situation. Many prominent Democrats were present and took part in the proceedings and the discussion. The meeting was attended and participated in by some who have acted for years with the "Independents," as well as by some who have held aloof from Democratic politics for many years. The course of Governor Grover received a most satisfactory and emphatic endorsement, and the following address was read and adopted:

"At the recent election, the Democratic candidates for President and Vice-President were elected by the votes cast. A conspiracy has been formed to defeat this result by making the Returning Boards of three States in the South the arbiters of the people's choice. The character and action of the Returning Board of Louisiana show the means by which it is attempted to substitute the choice of a Returning Board for the choice of the people. The members of the Board owe their appointment to a usurpation of authority that was repudiated by the United States Senate and condemned unanimously by the Radical Committee of the House of Congress of which the Hon. W. A. Wheeler, late Radical candidate for Vice-President, was the Chairman. Some of them are Federal office-holders, others were candidates for office at the election which they assumed to set aside. All of them are violent partisans of the Radical party, and some of them are of infamous personal character. These men have assumed to set aside actual majorities of from seven to above nine thousand votes in favor of the Democratic Electoral candidates, seeking thus to substitute what they profess to believe the vote ought to have been, for what the vote really was. The policy of our republican government is above questions of a merely personal or partisan character. The will of the people as constitutionally expressed at the ballot-box must be submitted to by all parties, and the attempt to set aside the majorities in Louisiana, Florida and South Carolina, and to reverse the solemn verdict of eight millions of voters is revolutionary, and it cannot be submitted to without surrendering the vital principles of republican government and exposing the country to anarchy and ruin. To permit this usurpation, to permit a usurping partisan Board to change the result of the election for President before the result is declared, is to forfeit the liberties of the people and the respect of mankind. We deem it advisable, and, therefore, recommend that mass-meetings be held, so far as practicable, in the different counties in the State on the 8th day of January next, that an interchange of views among the people, and an expression of opinion touching the momentous questions presented in this crisis shall be had, and it is the opinion of the Committee that these meetings should as near as possible be free from partisan feeling; that the present condition of the country should be discussed with calmness commensurate with the importance that the subject demands."

TOUSELLE WHEAT.—Three years ago Supervisor Henry Weatherington received a one pound package of white Touselle wheat—a French variety. He sowed it in the Spring of 1873 and the following summer harvested 73 pounds. The same fall he sowed the 73 pounds and it yielded the next summer 2,460 pounds. Of that amount 140 pounds were sent to the Petaluma Fair and there was awarded the first premium. The rest of the crop, 2,320 pounds, Mr. Weatherington sowed last fall and this season harvested 21 tons of first quality of wheat, the finest he thinks he ever saw. The grain is large, white and plump. It weighs more to the bushel than any wheat grown in this section. The grain was sowed on hill land, known as middling land, and yet the yield was 35 bushels to the acre. He has sold most of the wheat for seed to his neighbors, reserving enough to sow one hundred acres this fall himself. It will be seen from the above that a new and apparently valuable variety of wheat has been introduced in three years from a one-pound package, and this result required only the exercise of a little more than ordinary care. Some of the wheat was sent by Mr. Weatherington to Yolo, Napa and Solano counties for seed. He thinks it will prove a great acquisition to the county.—*Sonoma Democrat.*

SATISFACTORY TO BOTH PARTIES.—NEW YORK, December 16th.—The *World's* Washington special says: There is a decided prospect that the whole question in all its various phases of counting the Electoral vote will be under the consideration of the Joint Committee of the two Houses by Wednesday next at the furthest. Senator Edmunds stated to-day, that the Senate would on Monday concur, in his opinion, without debate or even discussion, in the proposition of the House for such a Committee to agree on the mode of determining the vote, which will be satisfactory in and out of Congress. An examination of the practice of Joint Conventions shows that this precedent of concurrent action has been the rule rather than the exception. Thus far not a single objection has been raised to it. A complete record is found in the Journals of the two Houses, and verbatim reports of the Joint Conventions which have counted the electoral vote since the foundation of the Government have been compiled for the use of Congress and the Committee, and there will be no delay in getting to work at the earliest practicable moment. A conclusion, it is said, can be reached after the fullest conference, by the middle of January.

EXTRAORDINARY.—In disproof of the charges of "bull-dozing" and intimidation in Louisiana, nothing could be stronger than the united testimony of the clergymen of all denominations, who have, in their address to the people of the United States, borne witness to the fact that there never was a more orderly and fair election than that by which Tilden secured the State by nearly ten thousand majority. Furthermore; it is extraordinary that aggregate vote of Louisiana shows a large increase over preceeding elections, in spite of all the fabrications put forth by the Radical Returning Board?

The Yolo Democrat,

With a Weekly Supplement.

OFFICIAL PAPER OF YOLO COUNTY.

WOODLAND, CAL:

Thursday, Dec. 28th, 1876.

LOSS OF LIFE AND PROPERTY.—A London telegram of the 26th says it is estimated that 250 men and 150 vessels were lost in the late gale.

EUROPE.—Final proposals have been presented to the Turkish Porte. His acceptance or rejection will decide the question of peace or war, at least for a time.

GOVERNOR GROVER, whom all the Radicals and their money combined cannot swerve from the clear line of duty, has published a statement defining his position, with the authority therefor, which occupied over four columns of the *Call's* fine type, and which cannot be successfully assailed.

MORE RADICAL FRAUD.—The New York *Tribune* of the 25th says there is great excitement in Washington over the discovery that a number of names on the rolls of the Patent Office Bureau are fictitious, some twenty or thirty not appearing to demand their pay. The probability is that some one drew pay for those names and pocketed it.

BROUGHT TO TIME.—The management of the Western Union Telegraph Company undertook to evade the order of Congress to produce copies of certain dispatches sent over its lines. The latest news is that Barnes, the manager of the New Orleans office, has been served with a writ of attachment to appear before the Congressional Committee now in that city, taking with him the required telegrams.

A NEW FAVORITE.—The *New York Family Story Paper* is out with new inducements to subscribers for 1877. With the No. just received we have a sample of the first part of Shakespeare's complete works, which is gotten up in splendid style and one part of which is to be furnished weekly with each number of the paper throughout the year without additional charge. N. L. Munro & Co., publishers, 74 Beekman Street, New York. Subscription price, $3 a year.

SACRAMENTO RIVER IMPROVEMENT. In the House of Representatives, Dec. 11th, 1876, Mr. Luttrell, on leave, introduced the following bill, to appropriate money to improve the navigation of the Sacramento river, which was read twice, referred to the Committee on Commerce, and ordered to be printed:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled—That the sum of one hundred thousand dollars be, and is, hereby, appropriated, to be paid out of any money in the Treasury not otherwise appropriated, for the improvement of the navigation of the Sacramento River between the town of Red Bluffs and the Bay of San Francisco, in the State of California.

AN INTERESTING OCCASION.—On Friday last the pupils of all the Public Schools of Sacramento, in charge of their teachers, with bands of music, assembled at the Pavilion to engage in literary exercises. Over twenty five hundred children were present on the occasion. At the close of the exercises the prizes offered by a Mercantile firm of Sacramento were distributed to those who presented the best record of department and scholarship as determined by the reports of the teachers. Maudie Henry, aged 10 years, formerly a pupil of Mrs. De Long of Woodland, was one of the lucky ones. She was awarded one of the handsomest prizes, which was closely contested for by many anxious little ones.

Testimony Elicited by the House Committee in Louisiana.

NEW YORK December 24—Morning.—The *World's* New Orleans dispatch says: The House Committee have made a magnificent case during the week. All four of the Returning officers have been examined. Two of them have been proved to be absolutely ignorant of the law, and to have acted according to instructions given by their colleagues. The other two, Wells and Anderson, were forced to admit that they wilfully violated the law, and that their rulings were capricious, arbitrary and partisan. It has been proved that they went behind the Supervisors' and even the Commissioners' statements in Concordia and Nachitoches, where they gained two thousand Republican votes by it, and that they positively refused to canvass the returns in twelve Democratic polls with the Commissioners' statements, and in some instances with ballot-boxes and the ballots before them, on the ground that they could take notice of nothing but the Supervisors' consolidated statements. It has been proved that protests and affidavits as to East Baton Rouge, LaFayette, East and West Feliciana, were made up in the Custom House after the returns had been compiled and sworn to. It has been proved that some of the Custom House affidavits paraded in Sherman's report were false and perverted, that Democratic witnesses have been assaulted and beaten since giving their testimony, and that a general reign of terror has been established over the colored voters by Republican leaders.

A startling discovery has been made since the consolidated statements of the returning officers has been put in. If they simply counted the omitted polls which the Republican Supervisors refused to return, and if they had not counted imaginary votes for five Hayes Electors in Concordia, Iberville and Nachitoches—that is to say, if they had not supplied five names on the ballots which bore the names of only three Hayes Electors—three of the Tilden Electors would have been chosen. This is after throwing out seventy-one polls which they ku-kluxed.

Returning Board Wells.

HISTORY THAT SHOULD BE READ BY ALL HONEST REPUBLICANS.

[From the Chicago Times.]

WASHINGTON, Dec. 11.—J. Madison Wells was removed from the office of Governor of Louisiana by General Sheridan June 3, 1867, by special order No. 59, which was as follows:

HEADQUARTERS FIFTH MITITARY DISTRICT, NEW ORLEANS, June 3, 1867.

His Excellency the Governor of Louisiana, J. Madison Wells, having made himself an impediment to the faithful execution of the act of Congress of March 2, 1867, by directly impeding the General in command in the faithful execution of the law, is hereby removed from the office of Governor of Louisiana, and Mr. Thos. H. Durant appointed thereto. Mr. Durant will be obeyed and respected accordingly. By command of

Maj.-Gen. P. H. SHERIDAN.
GEO. L. HARTSUFF, A. A. G.

Wells refused to obey this order, whereupon Gen. Sheridan issued the following:

HEADQUARTERS FIFTH MILITARY DISTRICT, NEW ORLEANS, June 7, 1867.

MR. J. MADISON WELLS, EX-GOVERNOR OF LOUISIANA, NEW ORLEANS.

SIR: Gov. Flanders has just informed me that he has made an official demand on you for the records of the office you have heretofore held as the Governor of Louisiana, and that you have declined to turn them over to him, disputing the right to remove from office by me, which right you have acknowledged and urged on me up to the time of your own removal.

I, therefore, send Brevet Brig Gen. James W. Forsyth of my staff to notify you that he is sent by me to eject you from the Governor's room forcibly, unless you consider this notification equivalent to ejection.

P. H. SHERIDAN, Maj-Gen. U. S. A., Commanding Fifth Military Dist.

Wells' conduct as Governor had been notoriously corrupt. He had illegally appointed a board of levee commissioners, who were authorized to hold over by an act of the Legislature, and a conflict of authority ensued, and in the meantime the Mississippi overflowed and great damage was done to property. There was an appropriation of $4,000,000 made by the Legislature for repairs of the levees, and Wells wanted to finger some of this money. General Sheridan, in a letter to Secretary Stanton, dated June 3, 1867, explaining the action in removing Wells, said:

After the adjournment of the Legislature the Governor of the State appointed a board of his own in violation of this act, and made the acknowledgment in person that his object was to disburse the money in the interest of his own party by securing for it the vote of the employes at the time of the election. The Board continued in office, but the Legislature refused to turn over to the Governor's board, and each side appealed to me to sustain it, which I would not do. The question must have gone to the Courts, which, according to the Governor's judgment when he was appealing to me to be sustained, would require one year for decision. Meantime the State was overflowed. The levee Boards were tied up by political chicanery, and nothing was done to relieve the poor people, now fed by the charity of the Government and charitable associations of the North. I say now, unequivocally, that Gov. Wells is a political trickster and a dishonest man. I have seen him myself, when I first came to this command turn out all of the Union men who had supported the Governor and put in their stead rebel soldiers, some of whom had not yet dropped their grey uniform. I have seen him again during the July riot of 1866, skulk away where I could not find him to give him a guard, instead of coming out as a manly representative of the State and joining those who were preserving the peace. I have watched him since, and his conduct has been as sinuous as the mark left in the dust by the movement of a snake. I say again that he is dishonest, and dishonesty is more than must be expected of me.

In communicating with Gen. Grant on the removal of Wells, Sherman said:

He has embarrassed me very much since I came into command by this subterfuge and political chicanery. This necessary act will be approved by every class and shade of political opinion here. He has not one friend who is an honest man.

Gen. Grant approved the action of Gen. Sherman in removing Wells. All the letters, telegrams, orders and other communications from Sheridan on the subject of Wells' removal with Grant's indorsement thereon would be interesting reading now in connection with the high eulogium which Senator Sherman and Representatives Garfield, Hale, and Kelley pronounced upon the political trickster and dishonest man, who was removed by General Sheridan in 1867, and who is now a trusted Federal office-holder, and President of the Returning Board which counted in the Hayes electoral ticket of Louisiana; but of course the Republican side of the House did not trust the people to have the light of truth cast upon the character of a man who has just done them since a great service, and therefore they voted solid against Banning's resolution. There were 141 ayes to 80 noes. Two-thirds not having voted for it, it failed to pass.

NEGRO INTIMIDATION.—The following was telegraphed to the New York *Sun* from New Orleans Dec. 15th;

The evidence before the Congressional Committee to-day was especially damaging to the Republican plot here. Henry Carroll, a colored Democrat, testified that he was threatened with death if he voted the Democratic ticket; that for voting it two attempts have been made on his life since the election, and the man mistaken for him had been shot. Mr. Hulburt asked Carrol if he did not hope for reward after voting thus. Carrol answered, "Yes" Mr. Hulburt wanted to know what reward. Carrol replied that he hoped to make his business prosperous as it had not been so far under Republican rule. In the cross-examination Hulburt was completely used up by this negro, to the intense amusement of his colleagues. The examiner had ignorantly struck the sharpest colored orator in Louisiana, and was bewildered and confused by his logical replies. Carrol concluded his testimony by making a speech, and, turning to Hulburt at the end, said: "Why, sir, if there were no Republican intimidation practised on my race, there would not be a thousand colored Republican voters in this State to day."

John Petty, colored Democrat, with his whole body in a sling, testified as follows: "Since the election I got this gash in the head with a hatchet; my hand split here with a knife; this hole behind my jaw from a bullet; another bullet is still in my back, and another in my neck—all from a gang of Republican negroes, who wanted to kill me, they said, because I voted the Democratic ticket. Then the police put me in jail for creating a disturbance. White men balled me out, and sent me to the Charity Hospital."

Refuses to Aid the Conspiracy.

The high-handed game attempted by Grant, Chandler, Morton & Co. does not seem to work as smoothly as was expected by the managers of the "machine." They had evidently counted upon the unanimous support of their party, forgetting that there are some honest ones even in their own generally corrupt organization. Such an one has turned up in Louisiana, in the person of John J Long, Republican candidate for Representative in the Legislature. It seems, from Mr. Long's own statement, that he was fairly beaten at the polls, but was "counted in" by the Returning Board, and that he declines to accept the position that he is so well satisfied does not belong to him, on the ground that he was defeated and his "self-respect will not permit him to accept the position." Read this true man's letter, all ye Republicans:

DE SOTO PARISH, LA., Dec. 12, 1876.

HON. J. MADISON WELLS, PRESIDENT LOUISIANA RETURNING BOARD: I have learned that your honorable body has returned me as elected to the lower House of the Legislature from the parish of De Soto. Permit me to return my thanks for the honor conferred, but at the same time permit me to say that I am unwilling to accept the position. I am a Republican from the firm conviction that the principles of that party are best for the whole country.

It is also true that I was the regular nominee of the party in the parish of De Soto for the Legislature, and did more than any member of the party in that parish to organize it and advance its interests; but, sir, knowing as I do that I was fairly defeated at the polls, no intimidation or fraud having been practiced by the opposite party at any precinct in the parish, so far as I have been able to ascertain, after a thorough investigation, my self-respect will not permit me to accept the position. I hope you will pardon me for taking a step, that, at first glance, may be thought calculated to cast some discredit upon the party with which I have allied myself, but I am a planter, not a politician; and my interests are here; but sir, I cannot believe the good of the State or of the national Republican party can be promoted by returning, as elected, a candidate so clearly defeated as myself.

In fact, I am convinced that very much of the disturbance that has prevailed throughout the State for several years past is justly attributed to the fact that, in many parishes men not elected by the people have been returned elected and maintained in office by the power of the Government. I must believe that you and your associates have been grossly deceived as to the manner in which the late canvass and election in De Soto were conducted, and as to the result. Very respectfully, JOHN J. LONG.

JEFFERSON CLUB.—We have received copies of the "Constitution and By-laws of the Jefferson Club of El Dorado County," adopted Dec. 6th 1876. They have the true ring, and show unmistakably that the El Dorado Democracy are alive to the emergencies of the times, to the interest of the great National Democratic party, and that they realize what every Democrat ought to keenly feel at this time, that "Eternal Vigilance is the price of Liberty."

SPECIE ARRIVING.—On Tuesday last $1,000,000 in gold arrived at New York from Liverpool and $50,000 from Havre. If the inward flow of specie continues long at this rate, resumption of specie pay will become comparatively easy.

Town and County Matters

A HAPPY NEW YEAR.

DR. ROSS has removed his office to Proctor's drug store.

MOUNTAIN APPLES.—A nice lot just received, at J. H. EATON & SON'S. 4

DOCUMENTS.—We have received from Hon. J. K. Luttrell valuable documents for which he has our thanks.

CHOICE EASTERN CANVASSED SHOULDERS for 12½ cents per pound, at J. H. EATON & SON'S. 4

DONATIONS.—Collections were taken up in the different churches in this place on Sunday last for the beneefit of the worthy poor.

HORSES STOLEN.—We learn that a span of fine horses were stolen from the ranch of Mr. Z. B. Kincheloe a few nights since, and that the thief has been arrested.

SHOOTING MATCH.—There will be a shooting match for turkeys and chickens at the O K Saloon, two miles west of Woodland, on Saturday next, to which all marksmen are invited.

HIGHEST PRICE paid for Poultry and Eggs, at J. H. EATON & SON'S. 4

HOLIDAY GOODS.—Mrs. Hafky informs us that her sales have been remarkably good the last few days and that she is determined to sell off the balance of her stock at the lowest prices.

THE GERMAN LANGUAGE.—Dr. R. Peck, teacher of the German language, informs us that his next term commences Tuesday January 2d. Apply in time. See his card for terms, etc. in another column.

SHOULDER BROKEN.—Mrs. Wash, Lambert, of this place, was thrown from a buggy the other day and sustained a fracture of the shoulder, the horse having ran away. We are glad to learn that she is doing well.

NOTICE.—A watch-meeting service will be held in the M. E. Church in Woodland on Sunday evening next, commencing at 9 o'clock, and will close at 12. The church will open at half-past 8 o'clock. W. C. CURRY.

NEW YEAR'S BALL.—The Woodland Turn Verien will give their Sixth annual New Year's Ball at their Hall, opposite the Court House, on Monday evening next, Jan. 1st, 1877. They extend a respectful invitation to the public.

CHRISTMAS.—This annual holiday was enjoyed by our people as usual with good dinners, Christmas trees, dancing and private parties, making presents, etc. The weather was such as few localities on the earth have to enjoy—sunny, warm and pleasant. The day has rarely been more generally enjoyed.

A GOOD ROAD.—The branch railroad running northwest from this place, which has been completed a distance of forty miles to Williams, is in good and substantial order, having been laid with steel rails and well ballasted up with gravel. Williams is eight or nine miles due west from the flourishing town of Colusa.

LIBERAL.—Messrs. Thomas & Porter have placed our family under renewed obligations to them by leaving at our residence one of their nice little boxes of choice Japan tea. This new firm is doing a large and growing business, all of which is well deserved. Give them a call—one door west of Express office.

CHILDREN'S STORY BOOKS, handsome Picture Books, Picture Cards, etc., at ELSTON & WHITE'S. 6

PUMPED OUT.—On Friday last the big cistern at the corner of Main and First streets was pumped out by the steam fire engine in order to give the cistern another coating of cement, as it still leaks a little. The engine did her work gallantly and was found by the Department to be in splendid working condition. It should be vigilantly watched and kept in trim for we know not when the fiery element may overtake us.

LECTURE.—Dr. Peck delivered his lecture on "Proofs that Christ is the Messiah" last Sunday evening before a good audience at the Christian Church. Several of his Jewish brethren were among the listeners to learn of the teachings of the Prophesies. The Dr. used quite a number of books for his proofs. He exhibited the principles of Christianity in its divine and lovely character, together with the derivation of the Christmas Tree, etc.

PUBLIC MEETING.—The benevolent ladies and gentlemen of Woodland are requested to meet at the Court House on Friday Dec. 29th at 2 P. M. to take measures for the relief of the poor in our town. A public entertainment is contemplated, the proceeds of which shall be devoted to the purpose indicated. It is hoped there will be a large attendance so that arrangements can be perfected to forward the proposed object.

FRESH CANDY—by the pound 25 cents, at J. H. EATON & SON'S. 4

A MAMMOTH PAPER.—The San Francisco *Illustrated Christmas Spirit of the Times*, containing twenty very large pages, Marcus D. Boruck editor and compiler, is a credit to its publishers and to the Pacific Coast. It is very handsomely illustrated and printed upon tinted paper. The reading matter is such as is usually found in sporting papers, but in unusually great variety. Single copies 50 cents—can be procured by addressing *Spirit of the Times*, San Francisco.

FOR THE HOLIDAYS.—Just received a nice line of Toilet goods and Bohemian wares suitable for Christmas presents, by ELSTON & WHITE. 6

Our Public School.

On Friday last the school closed for holidays. The second term will begin on Tuesday, January 2d, 1877.

The first term has lasted four and a half months, and we understand from the Trustees and patrons that the school was well attended up to the last two weeks. The Registers of the teachers show an attendance greater by nearly one hundred than formerly.

We understand the course of instruction for the school year is about half completed, and could we have a second term of four months, the pupils could be examined, as provided for by law, and be promoted in the several grades, and thus keep the school in good grade and at the same time offer proper encouragement to those students who were laboring to advance. We are sorry to say that, from all we can learn, our financial resources are again short, and the probabilities are we shall be compelled to close the school in about two months, just the best time in the whole year for a school.

This state of affairs in our public school should be remedied; who will be equal to the task.

In the first place, what is wrong? Let us see. We had in 1875 about 2,500 census children in Yolo County, and had over 600 in Woodland District. The county received from State and County School funds $31,968, of which Woodland District received only $5,678. In 1876, the County and State apportionment to Yolo County was $33,503, of which this district received $5,660.

In these two years this district has received $3,833 less than it would have received under a pro rata apportionment. Thus the district has absolutely lost nearly two thousand dollars per year under the present method of apportioning the public school funds. This extra two thousand dollars would have run the schools for at least three months longer each year, giving a nine months instead of a six months term. It will be seen by these figures that we do not get our proportion of public money. The manner of apportioning the school funds under the present law does not seem to apply well to graded schools. Several towns in the State have realized the same difficulty. Marysville, Stockton, Petaluma, Santa Rosa and some other places have organized their districts, under a special provision of the Legislature, and have special privileges and advantages not guaranteed to them under the general school law.

They run their schools for a term of eight or ten months, and do it without taxing themselves heavily. If Woodland District could get the benefit of the 12 per cent. on the taxable property of this district levied by the Supervisors this year, and the amount she will receive from the State, the school in Woodland need not close before the 1st of June next.

Now is it just, when we pay taxes enough to keep up a ten months' school, to be compelled to close our school each year with a six months' term? We leave this question to those who have children in the public school. It may be asked what becomes of all the money? don't the teachers get too much for teaching? why not lower their wages?

There is one answer to these questions, and one is enough. The salary of each of the teachers except the Principal and the First Assistant is seventy-five dollars per month, and this is not as much as many other teachers are receiving in this county for teaching schools of from 25 to 30 pupils, whereas in Woodland the average number in daily attendance for each teacher is more than 50.

The Principal for the term that has just closed furnishes the following figures, which show that although the finances are on the decrease, the school is rapidly increasing all the time.

Whole number of pupils enrolled, 485. Average daily attendance, 360. Per cent. of attendance, 91.

RIGHT OR WRONG.—As soon after the late election as was determined by the Radicals to make an effort to defeat the will of the people as expressed at the polls, the Secretary of the Radical State Central Committee issued orders that the party organization should be kept up throughout California. Yet, because Democrats in some of the States have seen fit to do the same thing, the Radical papers express great indignation. Our idea is, to let them howl if they will, and to maintain thorough organization.

AID FOR THE POOR.—A Musical and Literary entertainment will be given at Washington Hall on Monday evening, Jan. 1st, 1877, the proceeds of which will be devoted to relieving the needy poor in our midst. An admission of fifty cents will be charged, and by buying tickets all can contribute to this worthy and benevolent movement. The entertainment will consist of vocal and instrumental music, readings, recitations, etc., and will be one worthy of our town. "He that giveth to the poor lendeth to the Lord." Read the advertisement.

E. BYNUM & CO.—This firm presents a new card to the public to-day. They have just received direct from the East a large consignment of goods. Mr. Haight, of the firm, and Mr. McCleary, principal clerk, are both experienced druggists well known to all our people.

KNIGHTS LANDING.—The concert for the benefit of the Christian Church Sunday School last night was a decided success. The Church was packed full and all were well pleased with the entertainment given, of which we have not room to give particulars.

SAN FRANCISCO EXAMINER.—We call attention to the advertisement of this sound and ably conducted paper, the central organ of our party on the coast. And in doing so we take occasion to urge upon the Democracy of the State to take hold and support the principal organ of our own party with their money, instead of contributiug it to the Radical dailies as is now generly being done. The outrageously partisan stuff called "news" that has been furnished by the "Associated Press" during the present political contest ought to disgust every Democrat. Let us support our own papers first.

ELLSTON & WHITE have everything suitable for holiday presents, consisting of Books, Albums, Writing Desks, Toilet Goods, Perfumeries, etc. 6

ROAST BEEF.—We enjoyed an old-fashioned Christmas dinner of roast beef and plum pudding on Christmas Day. To Messrs Steinmitz & Leinburger, our new and popular butchers, we are indebted for the fine beef roast from which we dined. Their market now presents a fine holiday appearance containing an immense lot of choice meats of all kinds, artistically dressed and ornamented. We hope the liberal proprietors will prosper and enjoy many holiday seasons hereafter.

We Can't Talk

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker effect the enamel, no species of decay infest the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, and it removes all discolorations, and renders the gums hard and rosy.

From Rev. Sylvanus Cobb, of Boston, formerly Editor of the "Christian Freeman."

Dear Sir.—It may be some satisfaction to you to be informed of the result of the trial of the PERUVIAN SYRUP in my family. My daughter was brought low by a typhoid fever last Spring, and after the fever left her she continued very weak, and the simplest food distressed her. For months she remained in the same debilitated condition; but from the 1st of September last, when she commenced taking the Syrup, the digestive functions improved, and she steadily gained strength and vivacity; and now, after taking two bottles, she is restored to a good state of health; indeed, she appears more really healthy than she has for several years past. I am of the opinion that the "Prodoxide of Iron" contained in the PERUVIAN SYRUP was adapted to her case, and effected what no other known medicine could have effected.

Yours truly, S. COBB.

If he catch it, it will do him no good. Thousands of people, who have neglected colds and coughs until they have become dangerous, will rush to almost every nostrum for relief. This is why so many experiments are tried by the sufferers. Go to your druggist, buy a bottle of WISTARD'S BALSAM OF WILD CHERRY, and use it with confidence. It will benefit at once and ultimately cure. It is no straw; it is a cable well tried; hold on to it and be saved. Sold by all druggists.

ANOTHER HONEST REPUBLICAN.—Another *supposed* friend of the Radical Administration infamy to "count out" the Democratic majority given in Florida by the Democrats at the late election and "count in" the defeated Radical candidates, has turned up in no less a personage than Gen. Francis A. Barlow, one of the prominent Republicans sent to that State to watch the count by the Returning Board. Mr. Barlow says: "In my opinion there was a Tilden majority, even admitting that Cambleton and the first precinct in Hamilton county should be thrown out, which I do not say was rightly done." At the rate proof of Radical conspiracy and fraud is accumulating, by the time the Electoral votes are counted the Republicans will be compelled to concede everything that the Democrats have claimed, and that is no more than they are entitled to.

The Yolo Democrat.

Thursday, Dec. 28th, 1876.

General News Items.

Thirty members of the South Carolina bayonet legislature cannot write their own names.

Why don't the Southern Hayes Electors who claim to have been offered money tell who offered it?

The "impudent interference of Courts of law" is troubling the Radical organs pretty badly, especially in South Carolina.

Manton Marble writes to all the the journals his views of the Florida election, claiming that Tilden had a clear majority.

The Chairman of the Democratic State Central Committee of Oregon has issued a call for a meeting of the Committee at Salem on the 21st instant.

The Treasury paid in silver, from April 1st to December 20th, in redemption of fractional currency, $15,207,965; on currency obligations, $9,844,597.

The net Democratic gain in the Northern States at the last election over that of 1872 is 427,187. This is bulldozing with a vengeance.

The total amount required to pay the mileage of the Electoral messengers will be $8,857. Of this sum the Oregon messenger will receive about $900.

A South Carolina negro invited his colored friends to a corn shucking, but as he had voted the Democratic ticket they declined the invitation. The whites turned out and shucked his corn.

Before the election leading Radicals declared that, if Mr. Tilden was elected President, he should never be inaugurated. They are doing their best to bring about the revolution they threatened.

The *Tribune's* Washington special says: The Alabama Claims Court expires legally on the 31st. There will be about $8,000,000 on hand, which Congress will probably dispose of in some way.

Representative Stephens of Georgia over his own signature, says the statement that he is advising the friendly acceptance by the people of the South of the inauguration of Hayes is utterly unfounded.

Colonel Peter Donohue is travelling around the United States in a palace car made for his own use. He is now at Patterson, N. J. Twenty-five years ago he had a blacksmith shop in a tent on the beach at San Francisco.

About forty thousand colored children are receiving an education at the free schools of the Democratic State of Georgia, much to the chagrin of the carpet-baggers, who have no relish for this species of intimidation.

In Louisiana the ballots elected a Senate in which the Democrats had four majority, and the House was a tie; the Returning Board elects a Senate with two Radical majority, and a House with twenty-five Radical majority.

"There have been many instances in the history of the country when the popular majority has been given to one candidate and the Electoral majority to the other." The *Examiner* has shown more than once that there never has been a case of this kind, even if there be one now.

The New York *Herald's* Tallahassee special says: As the House Sub-Committee left the depot yesterday in the team of Monticello, two large rocks were thrown through the glass windows of the car. This is supposed to have been done by two negroes who were seen hurrying into the woods.

The Brooklyn *Argus*, which opposed Tilden with "might and main," and furnished much of the editorial argument against Tilden and for Hayes that was plagiarized by the *Bulletin*, *Chronicle* and *Call* during the campaign, now concedes Tilden's election, and advises the Republican party to recognize the fact.

The Brooklyn, N. Y., *Eagle* states that David Dudley Field is to be the candidate of the Democrats in the Seventh Congressional District of New York, to fill the vacancy caused by the election of Smith Ely, Jr., as Mayor. Mr. Field is to be elected as a lawyer to discuss questions of Constitutional law and will advocate Mr. Tilden's claims, believing that he has been legally elected.

The *Herald's* Tallahassee special says the Democrats carried the citizen election to-day, electing their Mayor by 12 votes. The election was perfectly quiet. The Republicans had about two to one on the registry list. A great many colored people and many white Republicans voted the Democratic ticket. This is the first time the city has been carried by the Democrats since the war.

Governor Seymour regards it as a shame and degradation to allow such a body as the Louisiana Returning Board to subvert the will of millions of voters. The Republican party, he says, cannot decide its own case in its own favor against the majority of the American people, upon the certificate of branded men, without making the body of citizens and the world at large feel that it is a corrupt and partisan decision.

The Congressional Committee has made a startling discovery. The South Carolina Canvassing Board entirely omitted counting thirty boxes, every one of which was from a strong Democratic District, and Hayne, the colored Secretary of State, was unable to explain why these were not counted. The evidence shows that Hayne has been guilty of the worst kind of conduct, causing the clerks to enter fraudulent returns, etc.

"If the infernal fanatics and abolitionists ever get power in their hands, they will override the constitution, set the Supreme Court at defiance, change and make laws to suit themselves; lay violent hands on those who differ with them in their opinions, or dare question their infallibility; and finally bankrupt the country and deluge it with blood." We direct our readers to the foregoing, which is an extract from a speech made by Daniel Webster, on March 7th, 1850. Was he a Rebel?

BILL OF FARE FOR GEN. GRANT.—Anything superfluous, flavored with Florida water.

Fish—Perpetual place, caught with a bayonet.

Entrees—Political broils—Deviled soldier crabs.

Roast—Beef from a bulldozed—Mutton from "Boss" Shepherd's flock.

Vegetables—"Let us have peas"—Sprigs of royalty.

Game—Imperial eagles.

Dessert—Impeaches—Cannon ball dumplings, with New Orleans molasses.

Drink—Stoughton bitters—Anything that injures the constitution.

This bill should be served on a returning board.

Centaur Liniments!

The Quickest, Surest and Cheapest Remedies.

Physicians recommend, and Farriers declare that no such remedies have ever before been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chilblains, Swellings, Sprains, and any ordinary

FLESH, BONE OR MUSCLE AILMENT.

It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lock-jaw, Palsy, Weak Back, Caked Breasts, Earache, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hurd, of Zanesville, O., says: "The Centur Liniment cured my neuralgia."

Alfred Tush, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, etc."

The sale of this Liniment is increasing rapidly.

The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of

HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweeny, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can. It is folly to spend $20 for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"JEFFERSON, Mo., Nov. 10, 1873.

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the car. With great difficulty I got him to the stable, on Fourth Avenue. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was active and nearly well. I have been a veterinary surgeon for thirty years, but your liniment heads anything I ever used.

"A. J. MCCARTY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

Mothers.

Castoria is the result of 20 years' experiments, by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gags nor gripes. Dr. A. J. Green, of Royston, Ind., says of it:

SIRS:—I have tried the Castoria and can speak highly of its merits. It will, I think, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. *It is the very thing.*

The Castoria destroys worms, regulates the Stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Children. Honey is not pleasanter to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles.

THE SUN.

1877. NEW YORK. 1877.

The different editions of THE SUN during the next year will be the same as during the year that has just passed. The daily edition will on week days be a sheet of four pages, and on Sundays a sheet of eight pages or 56 broad columns; while the weekly edition will be a sheet of eight pages of the same dimensions and character that are already familiar to our friends.

THE SUN will continue to be the strenuous advocate of reform and retrenchment, and of the substitution of statesmanship, wisdom and integrity for hollow pretence, imbecility, and fraud in the administration of public affairs. It will contend for the government of the people by the people and for the people, as opposed to government by frauds in the ballot-box and in the counting of votes, enforced by military violence. It will endeavor to supply its readers—a body now not far from a million of souls—with the most careful, complete, and trustworthy accounts of current events, and will employ for this purpose a numerous and carefully selected staff of reporters and correspondents. Its reports from Washington, especially, will be full, accurate and fearless; and it will doubtless continue to deserve and enjoy the hatred of those who thrive by plundering the Treasury or by usurping what the law does not give them, while it will endeavor to merit the confidence of the public by defending the rights of the people against the encroachments of unjustified power.

The price of the daily SUN will be 55 cents a month or $6.50 a year, post paid, or with the Sunday edition, $7 70 a year.

The SUNDAY edition alone, eight pages, $1.20 a year, post paid.

The WEEKLY SUN, eight pages of 56 broad columns, will be furnished during 1877 at the rate of $1 a year, post paid.

The benefit of this large reduction from the previous rate for the WEEKLY can be enjoyed by individual subscribers without the necessity of making up clubs. At the same time, if any of our friends choose to aid in extending our circulation, we shall be grateful to them, and every such person who sends us ten or more subscribers from one place will be entitled to one copy of the paper for himself without charge. At one dollar a year, postage paid, the expenses of paper and printing are barely repaid; and, considering the size of the sheet and the quality of its contents, we are confident the people will consider THE WEEKLY SUN the cheapest newspaper published in the world, and we trust also one of the very best.

AITKEN & LUCE

Make the following proposition to those who wish Monuments or Headstones, and who come to the City for the express purpose of selecting. We will pay the R.R. fare both ways when the distance and amount of purchase compare with the following table:

$50 00 Contract—30 miles or less.
$75.00 " 40 " "
$100.00 " 50 " "
$250.00 " 75 " "
$500.00 " 150 " "
$1,000.00 " 300 " "

Thus giving purchasers the opportunity of making their selections, instead of dealing with inexperienced canvassers.

Cut this out and bring it with you, and after you have made your purchase, present it, and we will give you credit for your R. R. fare both ways.

We wish it distinctly understood that we work any kind of marble desired, and as low as the lowest.

CENTENNIAL EXHIBITION,

PHILADELPHIA, PA.

THIS GREAT INTERNATIONAL EXHIBITION, DESIGNED TO COMMEMORATE THE ONE HUNDREDTH ANNIVERSARY OF AMERICAN INDEPENDENCE, OPENED MAY 10th, AND WILL CLOSE NOVEMBER 10th, 1876. All the Nations of the world and all the States and Territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufacturing achievements, mineral specimens, and agricultural products ever exhibited. The grounds devoted to the Exhibition are situated on the line of the Pennsylvania Railroad, and embrace four hundred and fifty acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed,—five of these covering an area of fifty acres and costing $5,000,000. The total number of buildings erected for the purposes of the Exhibition is near two hundred. During the thirty days immediately following the opening of the Exhibition a million and a quarter of people visited it.

THE PENNSYLVANIA RAILROAD,

THE GREAT TRUNK LINE

—AND—

Fast Mail Route of the United States,

Is the most direct, convenient and economical way of reaching Philadelphia and this great Exhibition from all sections of the country. Its trains to and from Philadelphia will pass through a GRAND CENTENNIAL DEPOT, which the Company have erected at the Main Entrance to the Exhibition Grounds for the accommodation of passengers who wish to stop at or start from the numerous large hotels contiguous to this station and the Exhibition, a convenience of the greatest value to visitors, and afforded exclusively by the Pennsylvania Railroad, which is THE ONLY LINE RUNNING DIRECT TO THE CENTENNIAL BUILDINGS. Excursion trains will also stop at the Encampment of the Patrons of Husbandry, at Elm Station on this road.

THE PENNSYLVANIA RAILROAD IS THE GRANDEST RAILWAY ORGANIZATION IN THE WORLD. IT CONTROLS SEVEN THOUSAND MILES OF ROADWAY, FORMING CONTINUOUS LINES TO WASHINGTON, OVER WHICH LUXURIOUS DAY AND NIGHT CARS ARE RUN FROM CHICAGO, ST. LOUIS, LOUISVILLE, CINCINNATI, INDIANAPOLIS, COLUMBUS, TOLEDO, CLEVELAND, AND ERIE, WITHOUT CHANGE.

Its main line is laid with double and third tracks of heavy steel rails upon a deep bed of broken stone ballast, and its bridges are all of iron or stone. Its passenger trains are equipped with every known improvement for comfort and safety, and are run at faster speed for greater distances than the trains of any line on the continent. The Company has largely increased its equipment for Centennial travel, and will be prepared to build in its own shops locomotives and passenger cars at short notice sufficient to fully accommodate any extra demand. The unequaled resources at the command of the Company guarantee the most perfect accommodations for its patrons during the Centennial Exhibition.

THE MAGNIFICENT SCENERY for which the Pennsylvania Railroad is so justly celebrated presents to the traveler over its perfect roadway an ever-changing panorama of river, mountain and landscape views unequaled in America.

THE EATING-STATIONS on this line are unsurpassed. Meals will be furnished at suitable hours and ample time allowed for enjoying them.

EXCURSION TICKETS, at reduced rates, will be sold at all principal Railroad Ticket Offices in the West, North-west and South-west.

BE SURE THAT YOUR TICKETS READ VIA THE GREAT PENNSYLVANIA ROUTE TO THE CENTENNIAL.
